

Hi Everyone!

I sent the lesson material on **19.03.20** – I hope you are all working well 😊

Remember, this material was planned to be completed before the Easter holidays.

I would like to check that everything is ok, that you all understand the work and that you are completing it correctly.

On **MONDAY 6TH APRIL 2020** - I would like you to send **me; the work you have completed so that I can check progress.**

I need to make sure that work is being completed and that you understand the material 😊

I understand this is a strange time and we don't really know what will happen, but it is important that we stay on track. (rester sur la bonne voie) 😊

Again, if you have any questions you can email me

Take care 😊
